Taught My Wife And Me Many Things

- Our competitors may boast about owning their own building, but stone, brick and wood do not make a funeral home warm, compassionate and caring. It's the people you make funeral arrangements with, and the ones who conduct the funeral, that you rely on to provide warm, compassionate and caring services, not buildings.
- To help others and our community is the highest calling.
- You should always strive to provide impeccable service.
- Honesty and integrity are priceless assets that should be zealously guarded
